Project Pride and volunteers gathered Sunday afternoon on Main Street to decorate the lamp posts from Highway 34 up to the Courthouse with corn stalks.

"We thought it would be a nice addition to our main street to have the fall decorations, with the hunting season upon us and visitors coming to Miner County," said Faye Oines, one of the coordinators of the project. "We asked for help and we got it, students and adults. We appreciate everyone's efforts."

It took 17 volunteers and approximately 500 stalks of corn to get the job done!

The corn was donated by Duane and Shirley Miller, Kim Miller, and Randy and Deb Dawson.

By the end of this week, bright bows will be added to each "corn" lamp post, thanks to Sue Walter.
